

Mary's Center's Diversity

Mary's
Center

Mary's Center's special gift lies in our ability to provide an effective, integrated set of culturally competent services in order to benefit each member of the families we serve. Our Social Change Model addresses the comprehensive factors that lead to poor health, including psychosocial, environmental, and economic factors such as discrimination, poverty, limited education and job opportunities.

Our Participants

Mary's Center served **17,315** participants from more than **40** different countries in 2009

Our Staff

The diversity of Mary's Center's staff and variety of languages spoken have greatly enhanced our ability to serve our participants.

Our nearly **200** employees are from **32** countries from the continents of America, Africa, Asia and Europe, and speak **29** different languages.
