

Opening of our Locations

Since our doors opened in 1988, Mary's Center has grown from a small basement clinic that served 200 women a year to a Federally Qualified Health Center that serves over 40,000 women, men, and children a year.

Between 1988 and 2016 our staff size grew from 10 to over 500 and our annual operating budget from \$250,000 to \$52 million.

Mary's Center now has eight locations-- in Washington, D.C. and Maryland.

Below are the dates when all of our locations started operations:
