Renewing Your Private Insurance Coverage

If you already have insurance in 2024 through DC Health Link or Maryland Health Connect, you will receive a letter in the mail that includes the most up-to-date information we have on your eligibility for health coverage. Read this letter carefully and call your local agency if any of the information in the letter needs to be updated.

If you are happy with your current plan, you do not need to do anything. Your local agency will automatically renew your current plan beginning January 1, 2025, if you don't select a new plan by December 15, 2024. If you would like to pick a different plan for 2025, login to your account during this open enrollment season, and choose your new plan.
